NOW: therefore, in consideration of the mutual promises and agreements herein contained, the parties mutually agree as follows:

The City recognizes the Union as the exclusive bargaining agent for all employees in the job classifications covered by this agreement.

ARTICLE II: UNION SECURITY

Section 1: All present employees who are members of the Union on the effective date of this Agreement shall remain members in good standing for the term of this Agreement.

Section 2: Membership in the Local Union is not compulsory. Employees have the right to join, not join, maintain, or drop their membership in the Local Union as they see fit. Neither party shall exert any pressure on or discriminate against an employee as regards to such matters.

Membership in the Local Union is separate, apart and distinct from the assumption by one of his/her equal obligation to the extent that he/she receives equal benefits. The Local Union is required under this Agreement to represent all of the employees in the bargaining unit fairly and equally without regard to whether or not an employee is a member of the Local Union.

The Terms of this Agreement have been made for all employees in the bargaining unit and not only for members in the Local Union, and this Agreement has been executed by the Employer after it has satisfied itself that the Local Union is the choice of a majority of the employees in the bargaining unit.

Accordingly, it is fair that each employee in the bargaining unit pays his/her own way and assume his/her fair share of the obligation along with the grant of equal benefit contained in this Agreement.

In accordance with the policy set forth under subparagraphs one (1) and two (2) of this section all employees shall, as a condition of continued employment pay to the Local Union, the employee's exclusive collective bargaining representative, an amount of money equal to that paid by other employees in the bargaining unit who are members of the Local Union, which shall be limited to an amount of money equal to the Local Union's regular and usual initiation fee, and its regular and usual dues. For present employees such payments shall commence thirty-one (31) days following the effective date or on the date of execution of this Agreement, whichever is the latter, and for new employees, the payment shall start thirty-one (31) days following the date of employment.

Section 3: PAYROLL DEDUCTION OF UNION DUES

Upon receipt of signed authorization from employees in the bargaining unit, the City shall deduct from the employee's pay the dues payable by such employees to the Union. Deductions shall be remitted to the Union no later than ten (10) days from the date on which the deduction was made. The City shall furnish the Union with a record of each deduction

showing the amount and the employee from whom such deduction was made.

Section 4: CREDIT UNION LANGUAGE

The Employer agrees to deduct certain specific amounts each week from the wages of those employees who shall have given the Employer written authorization to make such deductions. The amount so deducted shall be remitted to the New England Teamsters Federal Credit Union once each week. The Employer shall not make deductions and shall not be responsible for remittance to the Credit Union for any deductions for those weeks during which the employee has no earnings or in those weeks in which the employee's earnings shall be less than the amount authorized for deduction.

All employees shall be entitled to five (5) days off with pay annually for personal reasons. An employee must work six (6) months prior to becoming eligible to use these five (5) personal days. During the first six (6) months of employment, a personal day may be granted on an emergency basis by the department head. The term "day off" as used in this section shall be construed as twelve (12) hours, eight (8) hours or four (4) hours. The employee must notify the Plant Manager or his/her designee a reasonable time (five (5) days) in advance. The Plant Manager or his/her designee shall not unreasonably withhold personal leave. One personal day shall be taken on the day after Thanksgiving or on another day for those employees required to work on the day after Thanksgiving.

Section 3A. New employees hired after January 1, 2010 shall be entitled to three (3) personal days with pay in each calendar year for personal reasons. An employee must work six (6) months prior to becoming eligible to use these three (3) Personal Days - One (1) of the three (3) days to be used the day after Thanksgiving. During the first six (6) months of employment, a Personal Day may be granted on an emergency basis by the Department Head. The employee must notify the Department Head or his/her designee a reasonable time in advance. The Department Head or designee shall not unreasonably withhold personal leave.

ARTICLE IX: VACATION LEAVE

Section 1: Vacation Period Designated

The vacation period shall be from the first day in January through the last day in December.

Section 2: Vacation Time for Full Time Employees

In the absence of collective bargaining contracts for any group, all full time employees, and those hired after April 1, who have been in the service of the municipality for a period of six (6) months or one hundred eighty (180) days shall be granted one (1) week of vacation with pay. After twelve (12) consecutive months of employment with the City, every full time employee shall be entitled to two (2) calendar weeks of vacation leave with pay in each vacation year, effective on the anniversary date of employment. Any employee who has completed five (5) years but less than ten (10) years of employment with the City shall be granted three (3) calendar weeks of vacation leave with pay in each vacation year. Any employee who has completed ten (10) years of employment shall be granted four (4) weeks of vacation leave with pay in each vacation year.

Commencing with the twenty-first (21st) year of employment each employee shall be entitled to one (1) additional day each year until twenty-five (25) years of employment, at which time the employee shall be eligible for a total of five (5) weeks.

Section 3: Temporary Employees

Temporary employees shall be granted one (1) week vacation leave with pay after nine (9) months of continuous full

time employment. At the completion of eighteen (18) months of continuous employment, such designated employee shall receive two (2) weeks of vacation leave with pay. There shall be no provisions for retroactive vacation allowances.

Section 4: Restriction on Granting Vacation Leave

Full time employees who are absent without pay and/or on leave without pay for more than one (1) day in any month shall not receive vacation credit for that month, and shall have their vacation status retarded by one (1) day or one twelfth (1/12) of their annually accrued vacation credits, whichever is greater, for each such occasion. Subject to written approval of the Mayor, part time and temporary employees may be granted such proportion of vacation leave credit as their actual part time or temporary service bears to full time service, provided that such vacation leave with pay does not exceed two (2) calendar weeks.

Each operator must use at least two (2) weeks of vacation in forty (40) hour blocks. If an operator has less than five (5) years of service that operator must use at least one (1) week in a forty (40) hour block. Vacation hours left after this requirement can be used on a short notice basis. Three (3) days notice will be required to use a short notice day off to allow for shift coverage. If a requested day off can not be filled, or granted due to workload it may be denied.

Section 5: Determination of Years of Service for Vacation Leave

In determining the number of years of service for vacation purposes only, permanent employees shall be credited with one (1) year of service for each calendar year in which one hundred sixty (160) days of work have been accumulated as a reserve or as a temporary employee. This section shall apply to reserve patrolmen, with the exception that they shall be required to work a minimum of twenty (20) calendar days per month.

Section 6: Public Interest to be Served in Granting Vacations

Heads of departments may grant vacation leave at such times during the vacation year as will best serve the public interest. Preferences shall be given to employees on the basis of seniority.

The Water Treatment Plant requires a minimum of three (3) weeks notice in order to fill vacations. Vacations will be scheduled in the order in which they are submitted to the Water Treatment Plant Manager. The City reserves the right to postpone vacations that can not be filled by a floating operator.

Section 7: Accumulation of Vacation Leave Prohibited

All City employees including Department Heads must use vacation credits during the calendar year in which those credits are earned. Under certain circumstances employees may request permission to carry over vacation credits based on unusual needs or conditions. All requests shall be made in writing and along with the Department Heads' recommendations shall be submitted to the Human Resources Office by November 1st of each year for submission to the Mayor no later than November 15th each year. Requests shall be accompanied by a schedule showing how the total remainder of vacation credits will be used in the following year. Upon submission, up to fifty percent (50%) on one year's vacation time carry over may be approved by the Mayor.

Vacation leave credits shall not accrue for service in excess of the number of hours normally employed.

Section 8: Payment in Case of Death of Employee

Upon the death of an eligible employee, payment of vacation leave and other benefits shall be made to the beneficiary(ies) of the deceased, as may have been designated under the municipal retirement system, or to the estate of the deceased. Such payment shall be made in the amount equal to the vacation leave credits earned up to the time of death of the employee. This shall be effective up to the time of separation from the payroll, provided that no monetary or other allowances have been made therefore.

Section 9: Accrual of Vacation Credits

Vacation credits shall accrue to an employee while on leave with pay status. Vacation leave credits earned following a return to duty after a leave without pay or absence without pay shall not be retroactively applied against such a leave or absence. When a legal holiday falls on a regularly scheduled work day during an employee's vacation leave with pay, the employee shall be entitled to one (1) additional day of vacation, subject to the provisions of Sick Leave, section 11.

Section 10: Employees on Sick Leave

Employees on sick leave must return to employment within the calendar year to be eligible for vacation time off in the same year. In no case shall more than fifty-two (52) weeks of pay be given in any calendar year.

Section 11: Use and Loss of Vacation Time before Retirement Required

Before retiring from the City of Haverhill, employees must take vacation accrued prior to the effective date of retirement. In no case shall an employee suffer the loss of any vacation or holiday credits actually earned.

ARTICLE X: SICK AND BEREAVEMENT LEAVE

Section 1: Number of Days Allowed

All full time and permanent part time employees shall be credited with sick leave with pay not to exceed fifteen (15) working days for each year of service, at the rate of one and one quarter (1 ¼) day per month, provided that said leave is caused by sickness or injury which incapacitates the employee in the performance of his/her duties.

Section 1A. Number of Days Allowed: All employees (full-time and permanent part-time) hired after January 1, 2010 shall be credited with sick leave with pay not to exceed nine (9) working days for each year of service, at the rate of three-quarters (.75) day per month, provided that said leave is caused by sickness or injury which incapacitates the employee in the performance of this or her duties.

Section 1B. When an employee is out on sick leave for four (4) consecutive workdays, the Department Head may require the employee to produce a physician's certificate of his/her illness and of his/her fitness to return to work (or at the Department Head's option to be examined by the City doctor). The Department Head may require an employee to produce a physician's certificate of his/her illness and of his/her fitness to return to work (or at the Department Head's option to be examined by the City doctor) whenever the employee has an active Notice of Intent to Require A Doctor's Certificate. The Department Head may issue a Notice of Intent whenever he/she determines that an employee has developed a pattern of inappropriate sick leave. The Notice of Intent will contain the following: 1) a statement of which absences the Department Head believes constitutes the pattern and why he/she believes the absences are inappropriate; 2) a statement that the next time the employee takes sick leave, he/she may be required to provide a physician's certificate of his/her illness and of his/her fitness to return to work (or at the Department Head's option to be examined by the City doctor); 3) the date of issuance and date of expiration (the Notice will remain in effect for one year from the date of its issuance and will then lapse); and 4) that the Notice itself will not constitute discipline. The presence of an active Notice will not prevent the issuance of subsequent additional Notices to the same employee. While the Notice itself will not constitute discipline, nothing in this provision will limit in any way the employer's right to discipline an employee for abuse of sick leave. The Department Head's good faith decision to issue a Notice of Intent will be subject only to an arbitrary and capricious standard.

Section 2: Extended Family Sick Leave

Employees shall be entitled to up to five (5) days of sick leave in each calendar year when they have been exposed to a contagious disease or when there is a serious illness of a spouse, child or parent. Proof of such illness in the form of an extended family sick leave certificate or a doctor's statement shall be presented before payment of compensation can be made.

An extended family sick leave certificate can be obtained from the Department Head, his or her designee, or from the Human Resources Department.

Section 3: When Sick Leave Credit Begins

Sick leave credit for full time and permanent part time employees working twenty (20) hours or more shall begin on the first day of the month following employment, and shall accumulate at the rate of one and one quarter (1 ¼) day per month each calendar month thereafter. Full time and permanent part time employees who are absent without pay and/or on leave without pay for more than one (1) day in any calendar month shall not receive sick leave credit for that month unless otherwise approved by the Mayor.

Section 4: Accumulation Permitted; Restrictions

Sick leave not used in any year may be accumulated. No employee shall be entitled to sick leave with pay in excess of the accumulated sick leave credit that is due. Sick leave credits shall not accrue for services in excess of the number of hours normally employed. An employee whose service is terminated or discontinued voluntarily by the employee shall not be entitled to compensation in lieu of sick leave credit not used.

Section 5: Use of Unearned Sick Leave Credit

In the event an employee has used all his or her sick leave credits, the Mayor may permit said employee to use sick leave or vacation credits in anticipation of said credits being earned in the future. Additional sick leave credits may be granted as provided for in section six (6).

The employee shall execute a memorandum of agreement that in the event of termination or resignation of the employee before restoring such credits, the City shall receive reimbursement from any funds available to the employee.

Section 6: Voluntary Donation of Accumulated Time

In the event of long term illness of an employee with no sick leave credits, individual employees may volunteer to donate at least one (1) day but no more than five percent (5%) of their accumulated sick leave time to the employee on a sign-up basis through the Human Resources Department. Such donated time shall not exceed a total of two hundred forty (240) days for the duration of the employee's illness. The use of such donated time shall be recorded by the Human Resources Department and notification shall be given to the donor and the Department Head.

Section 7: Absence Due to Sickness

When an employee is absent because of sickness, such absences shall be charged off against any accumulated sick leave credits in multiples of one-half (1/2) hour, but shall be no less than the actual time off. If an employee has no sick leave credits, such absence shall be charged off, at the employee's option, to leave without pay or to vacation leave credits, if any, but shall be charged off nonetheless on the same basis as above.

Section 8: Notification of Absence and Returns Required

Notification of absences or returns shall be given as early as possible to the head of the department. In the event that an extended absence is foreseeable due to illness, notification shall be given to the Department Head and a medical release form shall be completed by the employee (for the illness in question). Such medical release form shall be completed by the employee and returned to the Department Head within a two (2) week period. If such notification is not given, the employee's absence may be applied as absence or leave without pay at the discretion of the Department Head.

Section 9: Physician's Certificate Required for Extended Sick Leave

Upon return to duty following extended sick leave of or in excess of four (4) consecutive working days, an employee shall be required to file evidence in the form of a physician's certificate, along with a statement of the employee's fitness for duty. If such certificate is not submitted within five (5) working days after the employee's return to duty, such absence shall be considered an unauthorized absence and therefore applied as absence or leave without pay or against vacation time. In the event a second opinion is required, a certificate maybe obtained from the Occupational Health Department at the City's expense.

Section 10: Sick Leave Accumulation for Retirees.

Upon retirement or in the event of death of a contractual employee, sick leave credits shall be compensated at a rate of up to forty percent (40%) of all sick time accumulated up to July 1, 1977, as stipulated or amended by bargaining agreements in effect. In the absence of a current collective bargaining agreement, eligible employees shall refer to their previous contractual agreement.

Section 11: Sick Leave Coinciding with Holidays

A full or part time employee shall be entitled to holiday pay as designated in Article IX, even if said employee is on authorized leave due to sickness, injury, or otherwise, at the time said holiday occurs.

Section 12: Records

Each Department Head shall keep a record of all sick leaves granted to each employee in the department. The Human Resources Office shall hold all records of sick and other leaves. Employees shall have the right to review their personnel records upon request.

Section 13: Death

In the case of death of an employee, all unused accumulated sick leave shall be paid to the employee's spouse, or to the employee's estate.

Section 14: Bereavement Leave

Five (5) days for parent, spouse, child and grandchild; three (3) days for brother, sister, foster parent, grandparent, spouse's parent, or foster child; one (1) day for brother-in-law, sister-in-law, aunt or uncle.

Section 15: Perfect Attendance

For each quarter work year of perfect attendance at work by a member, one (1) day of annual leave will be granted. If a member maintains perfect attendance for one-year (four quarters) five days of annual leave will be granted. Such days of annual leave must be taken during the next working quarter with the approval of the Superintendent/Engineer.

Bereavement leave and/or personal leave days shall not be considered as absences in applying this provision.

ARTICLE XI: JURY DUTY AND MILITARY LEAVE

When employees are required to serve Jury Duty or to fulfill their annual tour of duty with the National Guard or Organized Reserve they shall be compensated for the difference in their normal weeks pay.

ARTICLE XII: DEATH BENEFIT

It is also agreed that as of July 1, 2010 the Employer shall pay eighty percent (80%) of the cost of a health maintenance organization, and the Employee shall pay twenty percent (20%). Except those employees hired as of June 2005, who will continue to pay twenty-five percent (25%) of the cost of a health maintenance organization and the Employer shall pay seventy-five percent (75%).

As of July 1, 2011, it is agreed that the Employer shall pay seventy-five (75%) of the cost of a health maintenance organization and the Employee shall pay twenty-five (25%) percent.

New employees hired after January 1, 2010 shall pay a thirty percent (30%) Employee Health Insurance Contribution rate for both the PPO and HMO products.

Opt-Out Plan

The City of Haverhill will provide a health insurance opt out option. Eligible employees who enroll in the program will receive a lump sum financial incentive payment. The amount will be \$1,500 for an individual and \$3,000 for a family. In order to be eligible for the program an employee must meet the following criteria: 1) the employee must have 24 consecutive months of enrollment in a City of Haverhill health plan, and 2) the employee must provide written proof of other (non-City of Haverhill) health coverage.

Both parties understand and agree that the city, apart from this contract, is currently negotiating with the Public Employee Commission (PEC) to join the Group Insurance Commission (GIC). In the event that the city joins the GIC during the term of this contract, both parties agree that this will not be a violation of this contract.

In the event that the city joins the GIC during the term of this contract and in the event that the city's percentage contribution is 80% or less, the parties agree that as of the date the city joins the GIC, the union members will receive an additional 2% pay increase.

ARTICLE XVII: NONDISCRIMINATION

There will be no discrimination by the Union or the City against any employee because of race, creed, color, national origin, age or sex. The City and the Union affirm their joint opposition to any discriminatory practice in connection with employment, promotion or training, recognizing that the public interest requires the full utilization of employee skill and ability without regard to consideration of race, creed, color, national origin, sex or age. The City and the Union will maintain a policy of affirmative action in regard to discrimination.

ARTICLE XVIII: MAINTENANCE OF STANDARDS

It is mutually agreed between the parties that all conditions of employment relating to hours of work and general working conditions shall be maintained and all rights and privileges and other benefits which are enjoyed by the employees covered by this Agreement which are not specifically provided for or abridged by this Agreement are hereby protected by this Agreement.

Any other benefits and/or rights enjoyed by the employees covered by this Agreement which are now governed by Municipal Ordinance or State Law and which are not in conflict with this Agreement shall remain in full force and effect.

ARTICLE XIX: NO STRIKE OR LOCKOUT

There shall be no strike or lockout during the term of this Agreement. The Union recognizes that it does not have the right to strike against the City or to assist or participate in any such strike or impose a duty to conduct, assist or participate in any such strike. No employee covered by this Agreement shall engage in, induce or encourage any strike, work stoppage, slowdown, or withholding of service.

The Union agrees that neither it nor any of its officers or agents will call, instigate, authorize, sanction or ratify, or participate in any-such strike, work stoppage, slowdown, or withholding of services, and shall take all reasonable means to induce such employees or group of employees to terminate the strike, work stoppage, slowdown or withholding of services, and return to work forthwith.

ARTICLE XX: GRIEVANCE PROCEDURE

1. Should any employee or group of employees feel aggrieved concerning his/her wages, hours or working conditions, which wages, hours or working conditions are governed by this Agreement, or which are provided for by any statute, provision, ordinance, rule, regulation or policy, which is not in conflict with this Agreement, concerning any matter or condition arising out of employer-employee relationship, including any claim of unjust discrimination or any matter or condition of his/her or their health and safety, adjustment shall be sought as follows:

The City shall provide \$1000.00 per year for educational courses. The City will provide an application form for employees requesting educational reimbursement. ARTICLE XXIII: CROSS TRAINING

If in the interest of being beneficial to the Water/Wastewater Division, an employee of this bargaining unit possesses the skills and qualifications to perform a related water or wastewater task which may or may not be included in his/her job description, said employee may be requested to perform said task and shall be allowed to complete the task while working outside his/her description of duties. It is the intent of this article to cross train individuals within both divisions as needed. Other than paying one for working out of classification, there would not be any other

additional compensation.

Tasks that normally require emergency personnel to be called in to work, outside their normal working hours, shall be conducted as per this contract. Cross training shall not be implemented in situations where overtime forfeiture would result. No employee will be asked to work for fewer wages than he/she is paid for their normal job.

Members of this bargaining unit who are requested to perform such tasks normally governed by a separate bargaining unit may do so upon consent of said bargaining unit (contract stipulation) and must abide by all procedures set forth under both agreements.

It is the intent of this article to utilize personnel on a project or task basis. A temporary or permanent re-assignment or shift change (i.e.; day, evening, or overnight) would require mutual agreement between the parties as well as to conform with collective bargaining contracts.

At no time will the Superintendent/Engineer of the Water/Wastewater Divisions, in moving individuals to perform projects or tasks, leave the treatment facilities/systems in violation of the Board of Certification Rules and Regulations.

ARTICLE XXIV: AUTOMATION

At such time when the Water Treatment Plant can be left unmanned due to the installation of an automation system, the bargaining agreement will be reopened to redefine the hours of unmanned operation. The Union will provide a new shift schedule to the City for the review and approval by the Water/Wastewater Superintendent/Engineer. There will be no additional compensation granted for the shift change alone.

ARTICLE XXV: COMPETITIVE ASSESSMENT

The City of Haverhill will be conducting a competitive assessment of the Water and Wastewater Divisions by developing a Business Management Plan. As a result this bargaining group shall fully cooperate and participate with the firm chosen by the City of Haverhill to develop said plan.
