Mayor Has Crews Filling Potholes

Today, Mayor James J. Fiorentini announced that he has 4 crews out filling potholes. Due to the extreme winter that we have had this year, the roads are in tough condition. The State gave Haverhill an additional \$225k to use for roadway repairs. The City typically has 2 crews out with the hot boxes, this year with the additional funding, the City has 2 more crews.

Mayor Fiorentini stated:

“I appreciate the additional money from the State for roadway repairs. This will allow us to address more potholes sooner and faster.

“The winter was harsh to our roads and it is a priority of my administration to address the potholes in our City as quickly as possible. Maintaining safe roads for our residents is a priority and the DPW is doing their best to get our streets back in good condition.”
