Statement Pursuant to Section A, Item 4.

An updated compliance history for RTN 3-32792 is included in the document uploaded at Item F.5 of the BWSC107 form associated with this submittal. The Massachusetts Department of Environmental Protection (MassDEP) issued a Notice of Responsibility to Boston Gas Company d/b/a National Grid (National Grid) for RTN 3-32875 on November 29, 2016. Haffners Realty Trust was conducting response actions for that RTN at that time; accordingly, National Grid has not been directly involved in Massachusetts Contingency Plan response actions for either RTN 3-32972 or 3-32875 previously, so there is no relevant compliance history for this entity.
