Bassam M Geha appeared on this application. Lt. Robert Pistone of the Haverhill Police Department summarized the report. He stated that they have not had an incident at this location either before this incident or since this incident. Mr. Geha stated that they are very careful of the type of functions they accept. He has trained his staff well. He called the police as soon as the things escalated. It appeared that there was drinking outside of the establishment as he had receipts for the number of drinks purchased. It appeared that this was a culturally driven incident. The Commission wanted to make sure that Mr. Geha is properly training his staff that he continues to call the police if there is an incident and to check the premises for evidence of alcohol being brought into the establishment or on the grounds outside. They also want him to keep track of the number of people inside the establishment.
